**Ice Cube II M.S.  
Composite M.S. Brackets**

Ice Cube II M.S. is a Nickel Free metal lined composite bracket system.

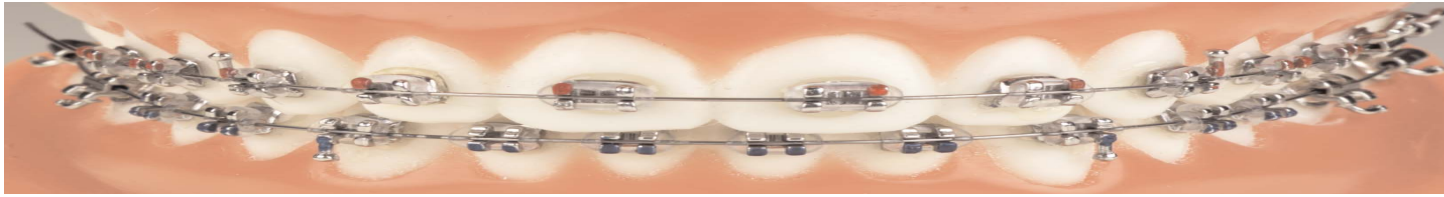

Ice Cube II M.S. is made with the highest quality medical grade polyurethane that can be bonded using any adhesives. It also has special undercuts in the base for superior retention.

Other Features Include:

- ✓ Stain Free and Impervious to Liquids
- ✓ Torque in Base with Twin Design
- ✓ Biocompatible Nickel-Free Sliding Guide - Enhances Sliding Mechanics and Safe for Nickel Sensitive Patients
- ✓ Rounded Corners - for patient comfort
- ✓ Mechanical Lock Base Design - for superior retention and easy debonding
- ✓ Available with hooks on the Cuspids and Bicuspids
- ✓ .018 and .022 Slots
- ✓ Roth Specifications
- ✓ Color Coding

## Aesthetic Bracket with Metal Insert High Impact Low Profile Material

Ice Cube M.S. is a metal lined composite bracket system made of high impact clear polycarbonate guaranteed not to stain or soften due to water absorption.

Other Features Include:

- ✓ Mechanical lock base
- ✓ Torque in Base with Twin Design
- ✓ First Aesthetic bracket with bendable hook
- ✓ Biocompatible Sliding Guide - enhances sliding mechanics
- ✓ True twin design for one side ligatures
- ✓ Available with hooks on the Cuspids and Bicuspids
- ✓ .018 and .022 Slots
- ✓ Roth Specifications
- ✓ Color Coding

**PYRAMID KRystal M.S.<sup>TM</sup>**  
 Ceramic Polycrystalline Alumina  
 Metal Slot Brackets

Krystal M.S. is a Nickel-Free metal lined slot ceramic bracket system with all the functionality of metal and the aesthetics of ceramics.

Krystal M.S. is made from the highest quality polycrystalline alumina.

Other Features Include:

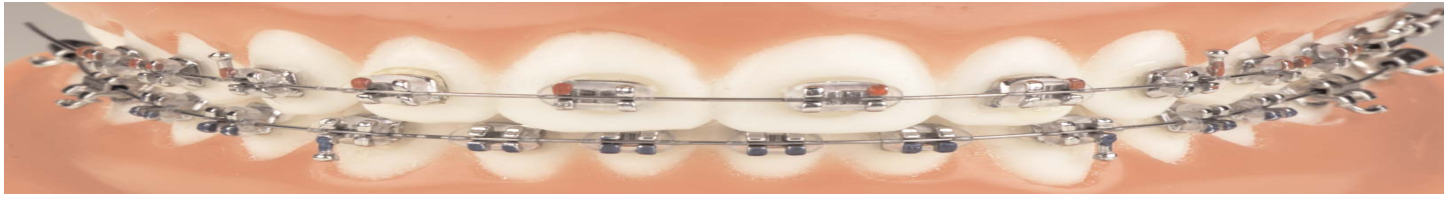

- ✓ Biocompatible Nickel-Free Sliding Guide - Enhances Sliding Mechanics and Safe for Nickel Sensitive Patients
- ✓ Rounded corners for added patient comfort
- ✓ Impervious to staining and discoloration
- ✓ Generous Tie Wing area and contoured tie wings for easy bracket ligation and added patient comfort
- ✓ Highest quality material made from 99.9% pure polycrystalline alumina for unsurpassed strength
- ✓ Mechanical-lock base for reliable retention
- ✓ Dove Tail grooves with “micro rock” coating provide superior mechanical lock
- ✓ Removable color code dot for easy bracket placement
- ✓ Translucent for pleasing aesthetics
- ✓ Available with Hooks on the Cuspids and Bicuspids
- ✓ .018 and .022 Slots
- ✓ Roth Specifications

**PYRAMID KRYSTAL™**  
Ceramic Polycrystalline Alumina  
Brackets

The latest technical and marketing research confirms the “Krystal” design offered by Pyramid Orthodontics.

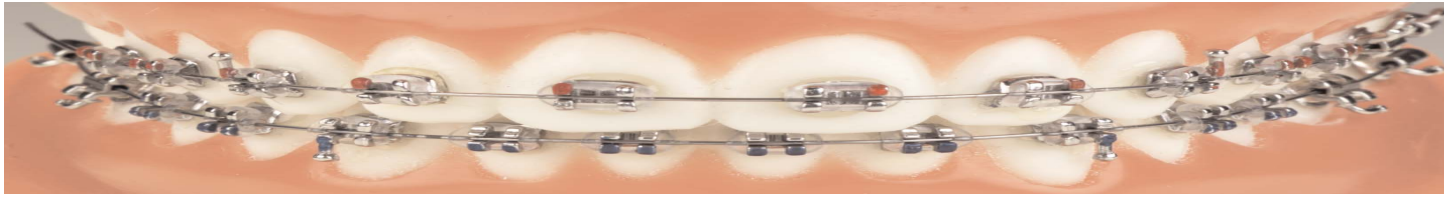

Krystal is made of a specially formulated polycrystalline material, which resists discoloration and offers the patient unparalleled esthetics. The twin tie wing design allows for easier ligation and more rotational control.

Other Features Include:

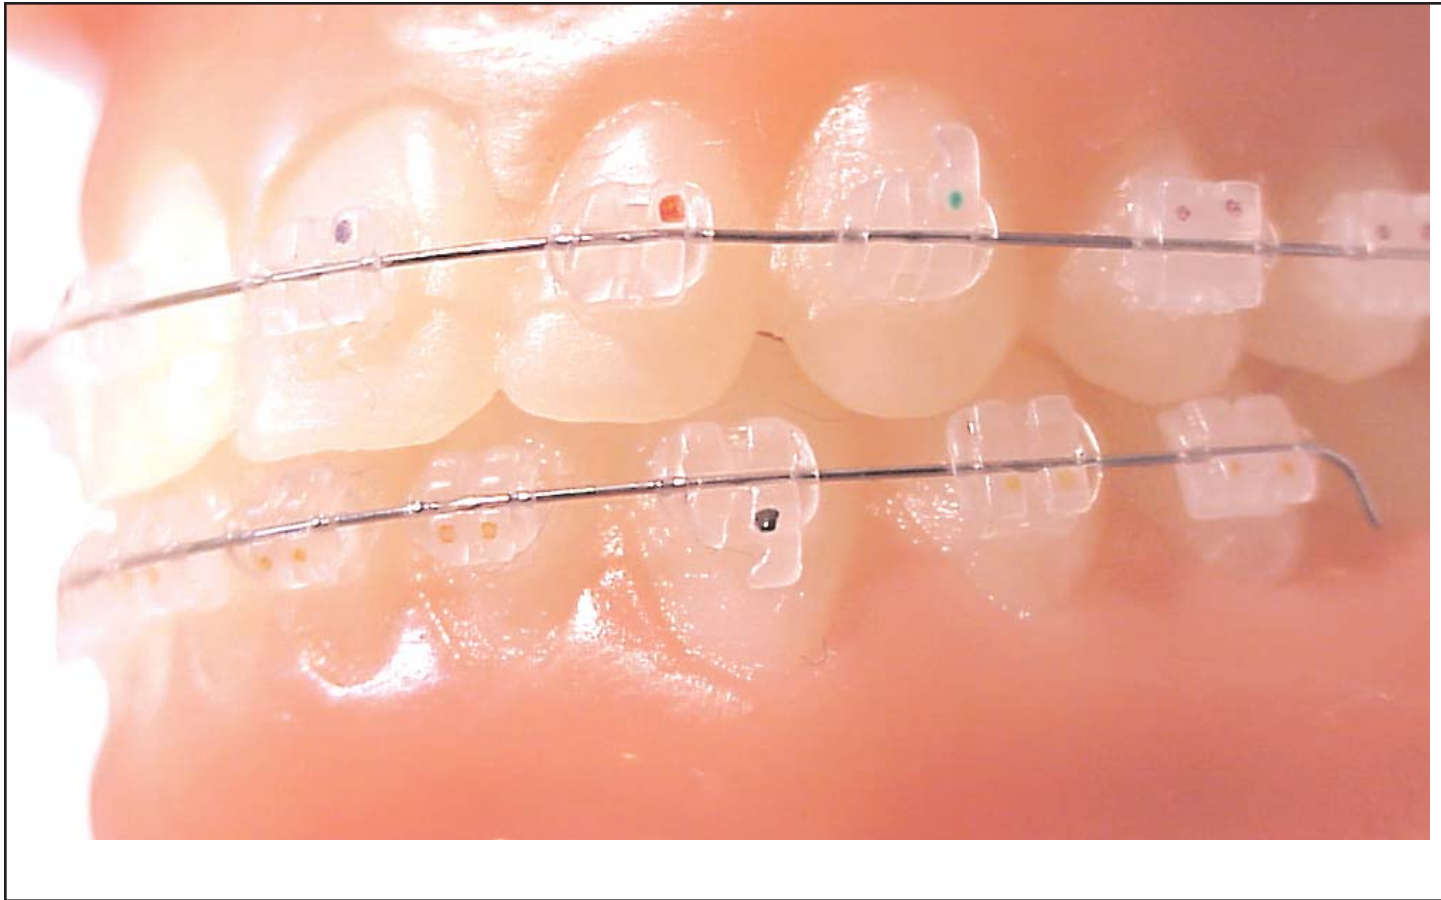

- ✓ Resistant to cracking, fracturing and slot-wear
- ✓ Reliable retention for fewer bond failures
- ✓ Impervious to staining and discoloration
- ✓ Rounded corners for added patient comfort
- ✓ Highest quality material made from 99.9% pure polycrystalline alumina for unsurpassed strength
- ✓ Rhomboidal Shape for Easy Placement
- ✓ Removable Color Coding for easy bracket selection
- ✓ Generous Tie Wing area and contoured tie wings for easy bracket ligation and added patient comfort
- ✓ Available with Hooks on the Cuspids and Bicuspids
- ✓ Torqued in Base
- ✓ .018 and .022 Slots
- ✓ Roth Specifications
